

QINLIN LIU

User Experience / Product Designer

Specialized in creating high-engagement products, with deep expertise in user research, design systems, data analysis, and gamified applications. Full-stack transition background: with strong technical efficiency, enabling cross-platform development and seamless alignment with engineering teams.

PROFESSIONAL EXPERIENCE

Co-Founder & UI/UX Lead | EuroStay

Netherlands | Spain | Remote | 06/2024 – Present

Led 0-to-1 cold start of a social travel product for overseas Chinese; built the growth system achieving 20,000+ users in 3 months and €1M+ funding.

Product Architecture & Interaction Growth

- Research & MVP Conducted quant research with 4,000+ people and 200+ interviews, translated pain points into core modules like Verified Identity and Map Search, completing 0-to-1 MVP.
- Iterative Delivery Led visual rebranding and interaction overhaul from WeChat Mini-program to native App, completed 10+ agile versions in 2 months, increasing user satisfaction by 60%.
- Growth Design Built the "Public Traffic → Community → Become member" journey; iterated 10+ UI/UX versions via A/B testing, achieving a 20%+ interaction conversion rate.

Design System & Brand Assets

- Standardization Developed a DS with 20+ component libraries and visual assets, ensuring high-quality output across multiple platforms.
- Content Engine Designed high-click visual templates for marketing, optimized transmission models to support 4M+ brand impressions.

Community Driving & Business Expansion

- Private Domain Built a private traffic pool with 40+ communities (15,000+ users), enhancing retention through tiered operations.
- B2B & Events Executed 20+ offline events across Europe, secured 10+ cross-brand collaborations with partners like NIO and French Vineyards.

Philips Hue & WiZ UX Designer | Signify (Philips Lighting)

Eindhoven, Netherlands | 08/2024 – 02/2025

Core contributor to Signify's dual-brand digital ecosystem, covering B2C e-commerce, global campaigns, and site reconstruction.

- Amazon Growth (Philips Hue) Analyzed 50k+ reviews to restructure A+ pages for 200+ products, converting insights into high-conversion assets.
- Global Campaign Overhauled 2024 Christmas visual system to highlight Smart Linkage, built templates boosting efficiency by 30%.
- WiZ Web Reconstruction Optimized awareness-to-checkout conversion funnel, established global DS ensuring multi-continental consistency.

Human-AI Interaction System Researcher | HKUST

Hong Kong, China | 10/2025 – 01/2026

Led user research and full-stack development for the "CoBrush" human-machine collaborative painting system.

- Research Conducted 300+ hours of research (45+ participants) on cognitive load to iterate system design, increasing satisfaction by 65%.
- Full-Stack Developed Franka robot interactive console via AI programming; decoupled human-AI logic and explored real-time data visualization.

SELECTED PROJECT

Smart Induction Hob System Redesign | ATAG

Netherlands | 2025

Designed the next-gen interaction system for ATAG, a top Dutch kitchen brand; optimized touch experience hierarchy through prototype validation.

- Implemented Figma workflows that reduced first-time user learning time by 80%, increased task accuracy by 60%, and boosted hidden feature usage by 75%.

EDUCATION

M.Sc. Design for Interaction

Delft University of Technology

09/2023 – 11/2025, Netherlands

GPA 8.2/10.0 | Thesis 9.5/10

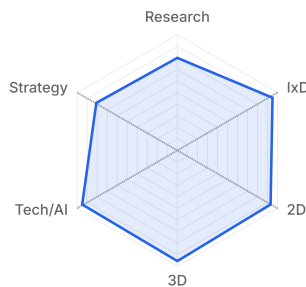

B.Eng. Industrial Design

University of Liverpool

2020 – 2022, United Kingdom

GPA 3.64/4.0

PROFICIENCIES

Core Toolbox

AI ChatGPT, Claude, Antigravity, Midjourney, SD, Cursor, Copilot

Design Figma, Webflow, Framer, Adobe Ps/Ai/Ae/Pr, Notion

3D/Game Blender, 3ds Max, Creo, Unity, Godot, KeyShot

Dev Git, HTML/CSS, React

HONORS

2026 MWC Nokia Hackathon - Bronze

Barcelona, Spain | 2026

Designed a disaster escape product using Nokia API & AI under 24 hours.
